

haven't got an answer to this question!
We are struggling hard whether foreign
money can be utilised for such purpose?

We were thinking of conflict
avoiding approach in Danish. However
③ we realise now that "Conflict" may
manifest itself at any time and we
can't control it. When the question
arises as to whether "we" (as an foreign
agency) have enough capacity to
overcome the "backlash" thrown out by
this conflict.

All these has led to a serious
thinking of our direct involvement
with groups. However what we foresee is
a supportive role within the system
itself which will be accepted by all.
(But again what I ask is - what is this
compromise for?!).

ಕುಸುಕುತಿಯ ಮೇಲೆ ಎನಿಸುತ್ತಿರುವ
ಅನುಭವ. ಮೇಲೆ ನಿಲ್ಲುವುದು. EPW, ಮೇಲೆ
ನಿಲ್ಲುವುದು. ಮೇಲೆ ನಿಲ್ಲುವುದು. ಮೇಲೆ
ನಿಲ್ಲುವುದು. ಮೇಲೆ ನಿಲ್ಲುವುದು.

Dear Vishwanathan,

Greetings from Sirsi.

It was good that I met you in Karwar. I am enclosing papers on following issues:

- A note on alternateline to evacuate power from Kaiga
- Letter of Dr. Subramaniam, a energy scientist
- Paper clippings on ODA sponsored forestry programme.

As you are aware the Taluka Panchayat Committee (Sirsi) has unanimously passed resolution against Kaiga-Sirsi power line. I wonder what the state government will do to implement the resolution of Taluka Panchayat, a decentralised institution promoted by state.

Best wishes,

Pandurang Hegde

Dear Raghuvir,

Greetings.

I wonder whether you received my previous letters and documents requesting you to look into ODA (Overseas Development Administration, Britian) sponsored forestry project in H.P.

I want to visit those villages in which ODA is implementing the project in Kulu and Mandi district. Do you know any forest officials who can get you reports on recent development of this project? Or the names of the villages in which the project is implemented? Kindly send me the address of people you know in Kulu and Mandi.

I sent you a copy of their Project Proposal. Have you received it? I am enclosing a self addressed inland letter. Please reply.

Best wishes,

Pandurang Hegde

Re: ODA study in Uttara Kannada

Dear Sam,

Namaskar.

Well, We have not met for a long time. It seems you have passed on the ~~total~~ responsibility of Uttara Kannada to Gopi?! There are many issues that needs to be discussed with you.

I am writing to explore the possibilities of ^{conducting a study of} working on ODA forestry project in Uttara Kannada. As you are aware, this is the second year of the implementation in our district. They claim to have worked in as many as 60 villages. I have discussed this with Gopi while he was here.

I feel that ^{the project a} it is at crucial stage, of ~~the project~~ which is half way ^{realities} through. I am thinking of conducting an indepth study of the ODA project. This study will bring out the facts, ^{in regard to and the ground} ~~in regard to~~ implementation of the project.

I am wondering whether Oxfam is interested in such a study. If yes, then we can discuss about this. I am enclosing a frame work for the study, or shall we say a project proposal. Let me know your comments.

The outcome of the study will clarify many issues for us and also help in finding out the future strategy to deal with the project.

I met Dr. Erick Hanely, ODA incharge in Delhi. We discussed on various issues. He is an interesting person. He mentationed that ODA is finalising two more forestry projects in India (in Himachal Pradesh and U.P.). I feel that we need to have a factual study which can help us to lobby for changes in the forestry project in North India.

I am planning to visit Hyderabad during last week of February 1994.

Best wishes,

Pandurang Hegde

From : PANDURANG HEGDE, SIRSI

Dear Savio,

This is the brief information on the
TURTLES that come to Bhatkal coast.

Name : OLIVE RIDLEY

The turtles lay eggs at every 4 kilo-
meters along the coast. In Bhatkal the KFD
established a breeding centre. About 32000
eggs were collected for past 14 years. The
turtle is very sensitive to oil spills. The
young ones are delicate and they die due to
oil spill. We are not sure whether these
turtles are endangered species. This needs to
be checked with WWF.

This note is based on the feed back
from Shivanand.

Aug 10, 2000

Dear ~~Sr~~ Ms Anne Ferrer,

We are part of peoples movement known as Appiko Andolan (Chipko Movement) to conserve the tropical forests of Western Ghats. We have been working since 1983 on various ecological issues. Main some of them are Anti Nuclear Movement (Kargil), against hydel dams, conserving biodiversity and afforestation. We work mainly in hilly district of Uttara Kannada in Karnataka.

We have to travel long distances to initiate grassroot action. As public transport is scarce, it becomes difficult to commute. We are writing this letter to request you (RDT) to donate a four wheeler to us for our work. We would be glad even if are willing to donate us a good four wheeler, which is used.

We would appreciate

We hope you would consider our request favourably and provide support in our endeavour towards protection of environment. Thanking you in advance.

Yours for PSE
