Dear Dr Joshi,

I have just received your manuscript "Evolution of cooperation...", which was sent on to me from Sussex by surface mail. (My permanent address is now the above.) I also got a letter from Hamilton saying that he was processing your paper after all, so that I presume I need not proceed with it myself. Please let me know if this is not the case.

I am extremely sorry that you should have suffered these delays, and I hope very much that you will consider **TPB** for future work, despite your unfortunate experience.

Yours sincerely,

Brian Charlesworth
