Dear Asheesh,

This will be a shock because of the very long ~~and~~ delay, but I just wanted to say many thanks to you & your colleagues in A.P. for assistance with our birding trip in Southern India last November. We had an excellent time & I

Amonsak Sriwilai

อุทยานแห่งชาติดอยอินทนนท์ Doi Inthanon National Park

Saw quite a few Ases birds; a list is enclosed photocopied from my notes. If you pass through Bangkok please do not hesitate to contact me & I can help with seeing some birds here!

I look forward to meeting you again.

Very best wishes

Frank Lambert

Dear Aasheesh,

VIA AIR MAIL

Thank for your note about *Calidris ruficollis*.

I cannot remember the individual bird - I see so many that I did not realise the significance! I will ask Jonathan if he remembers seeing it, though I am sure that if it is in my notes we must have seen it! But not really unexpected, I presume.

Photographed by Samak Khodkaew

I will write again.

Best wishes  
Frank Lambert

Dear Frank,

Thanks a lot for your letter which I received on 25th instant, along with photocopies of your notes from Andhra Pradesh, made during your visit here in November last year. After putting it on the computer I will know whether any species have been added to the lists of Rollapadu region and the courser area. I'm glad you had a nice time birding in A.P.

Thanks too for the invitation to birdwatch in Bangkok ! Perhaps I will take you up on it some day in the future !

Enclosed are a couple of the latest issues of our bulletin, *Pitta*.

With best wishes,

Yours sincerely

Encl: *Pitta* # 73, 74.
