Dear Dr. Krishnan,

It has been arranged by the Australian C.S.I.R.O., with whom I am working, that I should attend the meeting of the International Astronomical Union at Berkeley, California, in August, 1961. As you know, I have been working with the Australian Group of Radio-Astronomers with the consent of C.S.I.R. Could you arrange with the Indian National Committee, on my behalf, that I should be nominated as an Indian delegate to the meeting?

I am attending the meeting in any case, and no foreign exchange commitments on the Indian side are involved.

Yours sincerely,

T. Krishnan
