Dear Sir.

Will You Lend me, please
copies of Yours interesting
investigations:

I. The electric Birefringence
in Liquids,
(Proc. Roy. Soc.
(A), 111, 796, 1927 1 Dec.
p. 1)

II. Anisotropy of Polarisation-Field

in Liquids

Ind. Journ. of Physics

VIII, IV, July 1929, p. 25.

III. The Influence of Molecular Form and Anisotropy on the Refractivity and Dielectric Behaviour of Liquids.

Proc. Roy. Soc. 126 800, Dec. 1929, p. 255.

IV. Theory of the optical and electrical properties of Liquids

Proc. Roy. Soc. A 117, 478, Feb. 1928, p. 589.

?

I shall thank You very much for these copies.

Yours very truly
