Lady Krishnan,
University Building,
Delhi.

Dear Lady Krishnan

Owing to unavoidable change of plan I am afraid Sir Harold and Lady Hartley will not be in Delhi on the 4th of January.

As I know that they both wish to meet you very much, I wonder if it would be possible for you and Dr. Krishnan to dine with us at 8.30 p.m. on the 5th of January instead of the 4th?

Yours very sincerely
Audrey Spenser

Dear Lady Krishnan,

I have much pleasure in enclosing for your acceptance a copy of volume 13 Biographical Memoirs of Fellows of the Royal Society in which appears a notice of your late husband.

The printer has been directed to bind in paper covers twenty copies of this notice and these will be forwarded to you immediately they are delivered to the Society.

In order that the Society has an up to date record it would be appreciated if you would kindly keep me informed if you have any change of address.

Yours sincerely,

for Executive Secretary

Lady Krishnan,
c/o K. Srinivasan Esq.,
Systronix,
2B Naroda Industrial Area,
Naroda, P.Q. Ahmedabad, India.

DR. A. R. VERMA, F. N. I.
DIRECTOR

No. 20-1(2)/68-P&L

राष्ट्रीय भौतिक अनुसंधान शाला
NATIONAL PHYSICAL LABORATORY

NEW DELHI

December 27, 1968.

Dear Madam,

I am writing this with the request to accept our invitation to attend the "Krishnan Memorial Lecture" to be delivered by Prof. Dame Kathleen Lonsdale, F.R.S., University College, London on "Some Current Crystallographics Research Problems" to be held at 3.30 P.M. on Friday the 10th January, 1969 at the NPL Auditorium. As you may be aware Prof. Lonsdale was a close associate of Dr. Krishnan, and had great admiration for him as a scientist. This lecture is fifth in the series in the memory of your beloved husband under whose guidance the laboratory nourished and progressed much. National Physical Laboratory was fortunate enough to have the late Prof. Krishnan as its first Director.

I hope you would kindly grace the occasion by your kind presence.

With sincere respect,

Yours sincerely,

(A.R. Verma)

Lady Krishnan,
C/o Dr. T.M. Srinivasan,
Asst. Professor,
Indian Institute of Technology,
Kanpur (U.P)
