Dear Ravi,

I hope this finds you doing fine. I am sure you would be aware of the seminar being organised by the Bombay Natural History Society from 12 to 15 February 1996 on the theme "Conservation of Avifauna of Grasslands and Wetlands". I am writing this letter specially to invite you to attend and present a paper in any of the sessions of your interest. We would prefer if you could present on the "Present Status, Distribution and Conservation of Lesser Florican" in the session on Bustards and Floricans. I am sure you would be attending the seminar. Please do send us a reply in confirmation.

Our Director, Dr. Jay S. Samant and the Organising Secretary, Mr. Naresh Chaturvedi, join me in sending the invitation.

Although the last date for submission of abstracts was 31 October but you can still do it till 30 November 1995. Please rush your abstracts as soon as possible. I am enclosing a copy of the first announcement. Please do write to me if you have any queries.

I am sending the mist nets today and I hope they reach you in time.

With best wishes to self and Deepa.

Yours sincerely,

Vibhu Prakash

Dr. Vibhu Prakash
Principal Scientist (Ornithology)
