Mad Univ Cent. celebra
of alumni at Calcutta.

Great honor

Have lived longer in Cal than in any
other place

Have taken all my degrees from Mad.
I mean all the degrees which one takes
with the seat of his branch, as distinguished
from the Honorary degrees:

Having stayed outside Madras in

the right perspective: People outside seeing

more of the game than the players:
Hence I am ^{to} ^{be} Alumni of Madras Univ now in Calcutta

We are ^{now} celebrating ~~not~~ the centenary
of the three major Univ. in India
Cal Mad & Bombay, which betw
them covered whole of India & Burma.

100 years may not be a long
period in the hist. of a Univ: Some
of the Univs ^{in Europe} date back to a much
earlier period: But then our Univ
life did not start 100 years ago:

Our academic traditions go back
to the very earliest times:
Nalanda & Taxila ^{more than 10,000}
a few thousand heads
for Abroad: cities for countries

the great academies at Kashi
Kanchi & Kashmir are even
older, and the Tamil Sangham at
Madura ~~even~~ still older =

Ananyakras:

The convocation address is as modern
today as when it was delivered:

Earlier: the functions of a Univ.

इत्यस्य त्रयं कृतम्:

The academies traditions in the South
are equally old: (Brahmin = Brahmin

Divisibility: ~~the~~ ^{group} ~~of~~ ^{musicians} ~~of~~ ^{Enoye} ~~of~~ ^{Modern Univ.}
classical poets - -

Agastya & Sunjwala = Sanak + Namu Saanya

I am ~~emphasizing~~ the continuity of our academic traditions from the earliest times:

Still there is a ~~certain~~ ^{at my father's in the New Omistis whose copies we are celebrating} distributive-ness in the new ~~Unwestern~~ now which make them distributive! they tie up into traditions of western academic life = Not that there were not contacts-

earlier = ~~Sanskrit~~ Greek: Java: First-line beach = earliest Christian settlements anywhere: Brought them to India

Indeed the distributive-ness was a little too marked "Conserv" of ~~of~~ ^{of} ~~the~~ ^{the} ~~traditions~~ ^{traditions}

there was a stage when we knew more about Europ. history than our

own = more about Engl. lit than our own & were ^{pride} proud of our ~~inability to speak~~ ^{ignorance of our own languages}

this was a little more marked in Madras in our ^{university} than in the ~~the~~ ^{the} ~~States~~ ^{States} ~~Universities~~ ^{Universities}

every speaker thinks he has ~~the~~
 not only the correct diagnosis of
 our ~~ills~~ ^{ills} but has ~~the~~
~~a~~ ~~with~~ 'infallible' remedies for all
 of them — & it is sound and
~~and~~ anachronism for a teacher
~~who~~ to speak on problems of
 education :

Teacher for 38 years : Student-officer
 for a much longer period :

Nothing radically wrong in our system
 of education = Of course it needs ^{Union} ~~me~~
 changes = ~~me~~ ~~in~~ ~~prop~~ ~~er~~ ~~me~~ ~~nt~~ ~~s~~ = outright
 condemnation of our system. ~~not~~-justified

We have done indeed very well:

Among our achievements

- 1) ~~of~~ these Union produced the men who
 achieved independence for the country which
 is no mean achievement: We had
 achieved the impossible = Bloodless revolution
 not of the least cost our Union men.
- 2) Our Union have produced outstanding

in all walks of life: statesmen,
administrators, lawyers, ^{journalists} + ^{publicists}, ~~and~~ ^{literary} ~~men~~ ^{philosophers}
~~and~~ ^{mathematicians}, Engineers, Biologists:

with 370 millions.
