Dear Dr Sahib,

Ref: your No P.A/T-5/3141
of 10-8-67.

I may note that you have registered my indent of wheat seed of Sharbati Sonora no: 64. Further you have stated there in that small quantity of seed in question will be supplied.

I may kindly be informed when would this seed be supplied. Sowing season of wheat is approaching near & its supply please be made at an early date so that sowing may be done in time

procedure of supplying seed should kindly be intimated so that I may comply with it. An early reply is requested

With best & kind regards

yours faithfully.

Dear Shri Swaminathan,

I am very highly obliged to read your letter No. PA/TS/3453, dated 29/30th Aug., 1967 regarding registering my indent for wheat varieties like Sharbati Sonora, Sonalika and Sona 227 as requested to you by Mr. B.L. Marwaha Project Officer, Delhi Administration, Delhi for my farm at Sewari (Distt. Gurgaon- Haryana).

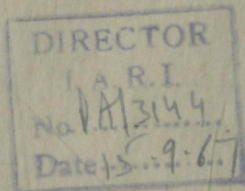

I am to humbly request, to kindly let me know as to when I am a ~~depositor~~^{may} deposit the money for these new varieties of wheat seeds and the quantity that you will very kindly reserve for me.

With best regards,

Yours sincerely

Subject:- SUPPLY OF LATEST VARIETY OF WHEAT FOR SEED
MULTIPLICATION

Sir,

Wheat SONARA-64 was sown in my field, and the average produce of wheat was 60 mds per acre.

This year I have the intention to sow variety SONA-227 and SARBATI SONARA in my fields. Preparation of land for sowing this seed, is under progress.

May I kindly be supplied some quantity of seed of both the varieties at least for SEED MULTIPLICATION purpose, at an early date. Condition if any may please be intimated.

Thanking you.

D.O. No. 32/W

Dated 5th September 1967.

7/9

My dear Dr. Swaminathan,

Kindly refer to your D.O. No. P/ 1773 dated 21st May 1967. You kindly thought to supply me with a small quantity of wheat seed "Sharbati Snora". I think this is time I ~~shall~~ ^{should} request you to send me above mentioned seed-quantity at your discretion.

Will it be further possible for you to arrange supply of wheat seed "S. 227" quantity again at your discretion. As regards supply of wheat seeds "S. 307" you were already pleased to ask your Head of the Division of Genetics ^{to supply me same} vide your D.O. No. P/1075/1 dated 29/30 March 1967. Kindly sanction supply of the seed quantity at your discretion. I shall be very glad to give a trial to these varieties and report result to you. I have already arranged one quintal of seed of "Snora - 64" from the Pantnagar University, Naini Tal and expecting my consignment soon.

The crop of my "Taichung Native 1" is one of the best in the locality though the Block people say it is the best in the Block. I expect the harvesting of this crop by 15th September 1967 positively provided weather remains clear. This year we have had about 50" rain fall by now beginning from the last June 1967.

My crop of paddy "I.R.-8", 5 Kg. of seeds of this variety was received through your kind efforts from Dr. S. V. S. Shastri, is doing very well so far. It seems it is rather a late variety than Taichung.

Thanking you again and with due respects.

Yours sincerely,

M. B. Lal 7/9/67

Dear Shri Brar,

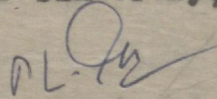

Thank you very much for your kind letter dated the 5th September, 1967. Dr. Swaminathan is away on tour to Vienna at present.

We have registered your indent for the supply of seeds of Sharbati Sonora. We shall be sending you soon an allotment letter informing the quantity allotted and price etc. I am glad to know that you are very much interested in growing the newly evolved varieties of wheat.

I also thank you for extending an invitation to Dr. Swaminathan for visiting your farm. I shall bring it to his kind notice on his return.

With kind regards,

Yours sincerely,

(P.L. Guglani)

Shri Gurdev Singh Brar,
B.Sc. (Agri)
Near Main Post Office,
Kot Kapura,
(Punjab)

at my farm. I shall feel obliged, if you kindly supply me the seed of all these three varieties ~~at least~~ ~~for one~~ acre each. I abide myself to comply with all your instructions & findings. The payment of the seed will be made immediately.

My farm is situated at Kot-Kapura - Hari Nau Road, at a distance of 4 Furlongs only from Kot Kapura, town. If your good self happens to be this side in near future or at any time, please do pay a brief visit. I assure you that I shall avail of the best time by your visits.

A ~~big~~ A line in this connection will be a great obligation.

With best regards,

Yours Sincerely,

Gurdev Singh Brar.

To

Dr. M.S. Swaminathan
Director, I.A.R.I.
New Delhi

My dear Dr. Sahib,

I am a progressive cultivator of this area, having 18 acres of land near Kot Kapura (Ph.) I have already grown P.V-18 + Kalyan-227 varieties of wheat evolved by the Ph, Agricultural University Ludhiana.

Of course, both these varieties are high yielders, & gave good results at my farm but being redish in colour (P.V-18) + small sized grains (Kalyan 227 + P.V-18) are not liked.

I have gone through the literature of Indian Farming (August issue) that under your capable ~~farming~~ guidance wheat varieties S-308 Sharbati: Sonora + Triple Dwarf (Durum), have been evolved at I.A.R.I., New Delhi. I, being a young & an educated farmer want to grow these three varieties.
