Dear Sir,

May I take this opportunity to bring to your kind notice that a radiotelegram has already been sent to you, Sir, just by way of seeking your kind permission for taking up work in your laboratory soon after my return to India.

Sir, You will be pleased to note that I was one of the research students deputed by Baroda University to work in the N.P.L. Soon after I got fellowship of one American University.

I left the laboratory sometime in August last. I left India in December last week.

While 'en route' I have to ~~written~~ return and after my return I sincerely wish to take up work in your laboratory as mentioned above.

May I count upon your benign approval and gracious favours?

Hope you will extend your kind consent to my request and oblige.

—Very truly yours,

Mahender Praxi
