MEMORANDUM

Date: April 4, 1988
Memo To: Members of the PSA
Memo From: Dr. A. Chakrabarty, Interim Chairman *AC*
Subject: Next PSA meeting

The PSA meeting in Trieste on March 30, 1988 noted considerable progress in the recruitment of scientific personnel and start up of work program both in Trieste and New Delhi components. It was decided that the next PSA meeting will be held in New Delhi on March 2 and 3 in 1989. Since this is about 11 months away, I would very much like to request the PSA members to kindly put these dates on their calendar. Since this will be the first time the PSA will meet in New Delhi, such a meeting will provide the members an opportunity to see for themselves the progress in the development of this component.
