

Dr. S. M. Mitra, D. Sc.
Head of the Department.

Department of Physics
DACCA UNIVERSITY.
Ramna, Dacca. The. 27. 1. 52

30 JAN 1952

Dear Sir,

Received your letter dated the 9th instant. I shall be glad if you would kindly send me the report of the thesis at your convenience at an early date.

I hope you will not mind if I write a few words for some personal favour - you know that I have been working here as an acting Head of the department since the last three years and the question of filling up the post permanently has been before the University selection Committee, of which you are one of the members since the last one year. It seems practically all the members have recommended me. Unfortunately the University has not yet been favoured with your opinion, with the result that the question still stands undecided. I understand, our Vice-Chancellor will soon be requesting you to let him have your opinion regarding my candidature, so that he might decide the matter once for all. However, I hope you will kindly support my candidature.

With regards

Yours sincerely,

Sachin
