

2.10.55.

Respected Doctor Sahab,

Received your kind letter after returning from Gorakhpur containing the donation form. I am sorry that I could not write you earlier on account of the fact that I had been to Delhi for the U. P. S. C. I could not write anything to Dr. R. D. Tewari as I am not in a position to donate that much of the same at present. However I can promise to do so in the near future.

I have started translating the book. I hope to complete it as soon as possible. Our Dasera holidays are only for four days i.e. from 19th to 23rd. I intend to go to home to have the winter clothing etc. and I will try to see you

while returning if possible.

Here there is one Dr. J. S. Rawat, Ass. Prof. of Physiology, whom you might be knowing as he was the class fellow of Dr. Bal Krishna. He is a candidate for the fellowship of the Nat. Acad. of Sciences and wants your valuable vote in this connection. I have assured him on your ~~behalf~~ behalf and hope that you will vote for him as he has requested me to write to you.

Here I am doing well and have been assigned to study the Phosphatase activity with the help of the Workshop's apparatus. Rest is all well. With my best regards to you all.

yours Obedtly

Rawat.
