

Indian Delegation to the United Nations,  
Room 6212, Empire State Building,  
New York, N.Y.

11th July, 1947.

Sir K. S. Krishna,  
Director,  
Council of Physics Research,  
New Delhi, India.

Dear Sir,

I understand from my brother, Sundaram, that you have been appointed as the Head of the new Physics Research Institute in New Delhi. As he is interested in continuing his research in physics, I wonder whether you could provide him a position in your laboratories for research under you.

I hope Tiruvadi is flourishing.

With kind regards,

yours sincerely,  
P. N. Subramanian
