February 26, 1996

To,

Dr. Prakash Gole
B-2 Abhimanshree Soc.
Pune 8

Dear Dr. Gole,

Thank you very much for sending us the confirmation of your participation. As you are probably aware, this conference is part of an ongoing process which began with a workshop in Pune in November 1995, followed by another workshop at Dharwad which is expected to take the discussion on the CBD Act further.

We will be circulating a preliminary draft of the proposed CBD Act, as a discussion paper at the beginning of the conference. During the concluding session, we hope to improve upon this draft, which we propose to circulate to a wider audience for further discussion. The general efforts will be towards consensus building.

This is to request you to bring all the documents sent to you earlier since these would be required for reference during the conference.

In case you have a set of slides or other relevant material related to the subject kindly bring it along as we may be able to give some time for presenting it during the post-dinner informal sessions. Kindly send us a copy of your C.V.

We now look forward to your participation and interaction during the conference.

Thanking You,

Yours sincerely,

K. Lehta

for Vijay Paranjpye.
