Dear == Dr. Krishnan,

I am sending herewith a few copies of the appeal for funds which we have issued on behalf of the Ramakrishna Mission's East Bengal Refugee Relief work.

For this work there is widespread sympathy and fellow feeling and desire to help among the people of Delhi including the staff of the various offices of the Govt. of India. But, there is need to fix upon agencies which will help to canalise all sympathy and help and make it flow into the Fund. It heartens us to note that some of the offices have already set about this task.

It is my request to you to be that agency for all offices where your hands can reach and help us to send maximum succour we can to our suffering brothers and sisters *from* East Bengal.

Thanking you and with love and best wishes,

Yours in the Lord,

Ranganathananda
