Dr. R.J. Ranjit Daniels
Centre for Ecological Sciences
Indian Institute of Science
Bangalore. 560-012
INDIA

Dear Ranjit:

Thank you for sending me the manuscript (2 copies) and floppy disk of your manuscript on "A landscape approach to conservation of birds." They reached me safely last week.

I look forward to reading your manuscript as I greatly enjoyed your talk.

Hopefully I will be able to visit Bangalore on my next visit to India. I do regret that it was not possible during my visit in November-December. I also look forward to working with the Indian ornithologists on developing an invitation for a future international ornithological congress in India.

With best regards to your wife,

Sincerely,

A handwritten signature in cursive script that reads "Walter".
