Professor R. K. Varma
Physical Research Laboratory
Ahmedabad

Dear Professor Varma,

I am very happy to inform you of the decision of the Council of Management of Physical Research Laboratory to promote you to the rank of a Professor in this Laboratory. This promotion is in appreciation of your excellent contributions in the field of Plasma Physics as well as the efforts you have made to build up a first rate Plasma Physics Group, both theoretical and experimental at this Laboratory. The details of the date of promotion, grade etc. are given in the attached Office Memorandum issued in this context.

I would like to add my warmest personal congratulations on this promotion which I believe is very well deserved and I hope that you would continue to work with the same enthusiasm and dedication not only to your own scientific activities but also in the over-all scientific programmes of this Laboratory. It has indeed been a pleasure to have the benefit of many creative and fruitful discussions with you regarding the scientific and other problems of this Laboratory and elsewhere during the past several years.

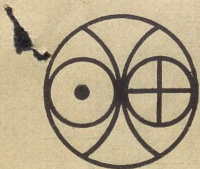

I hope you will soon let me have your acceptance of the offer.

With my very best regards,

Yours sincerely,

D. Lal

Professor D.Lal,
Director,
Physical Research Laboratory,
Ahmedabad-380 009.

Dear Professor Lal,

I wish to thank you very much for your very kind letter informing me of my promotion by the Council of Management of the Laboratory.

I am grateful to you for your appreciation of my work and for my small effort in the building of the group, and for all your encouragement in my scientific activity. I feel somewhat embarrassed by the praise that you have bestowed on me.

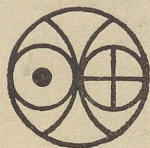

It has always been a pleasure for me to discuss with you on scientific and other matters and I am sure I shall continue to have the pleasure of such discussions in future as well. I also hope that with your encouragement I shall continue to play my part with the best of my ability in the scientific and other matters connected with the Laboratory.

It, ofcourse, gives me great pleasure in accepting this offer and I thank you again for the same.

With kind regards,

Yours sincerely,

R. K. VARMA

Professor R. K. Varma
Physical Research Laboratory
Ahmedabad

Dear Professor Varma,

I am very happy to inform you of the decision of the Council of Management of Physical Research Laboratory to promote you to the rank of a Senior Professor in this Laboratory. This promotion is in appreciation of your excellent contributions in the field of Plasma Physics. The details of the date of promotion, grade etc. are given in the attached Office Order issued in this context.

I would like to add my warmest personal congratulations on this promotion which I believe is very well deserved and I hope that you would continue to work with the same enthusiasm and dedication not only to your own scientific activities but also in the over-all scientific programmes of this Laboratory. You have always concentrated on very basic and fundamental problems in plasma physics and quantum physics. Your deep physical insight and mastery of complex mathematical techniques has resulted in very fruitful contributions. We are indeed happy that your novel reinterpretation of the foundations of quantum mechanics, the so called Varma equation and its demonstrable consequences, and your studies of plasma disc accretion in relativistic space time have brought you international eminence. You have inspired not only other theoreticians in PRL and elsewhere, but also stimulated experimental programmes here.

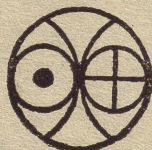

I hope you will soon let me have your acceptance of the offer.

With my very best regards,

Yours sincerely,

D. Lal
