Dated 10.9.1987

Dear Dr. Mehta,

It is really surprising that my paper which I have sent for publication last year under title " AN UNEXPECTED ANTI BODY DETECTED AT CROSSMATCH ( ANTI N )" was send for publication to the Editorial Board. The paper was send back for signitures of other two authors. Accordingly needful was done from this side and the paper was send back to the Editorial Board. But unfortunately, I have not listen anything till today what has happended to my paper. As such it is requested to inform me accordingly.

Thanking you,

Yours sincerely,

*(Signature)*  
 ( DR. R. N. MAKROO )

Dr. B.C.Mehta,

Dear Dr. Makroo,

you may have send your paper to Dr. P.K. Sukumar in 1986. These papers are handled by him and maybe I have passed on your letter to him to do the needful.

Believe me,
