Date 19th March 1959.

Dr. K.S.Krishnan, D.Sc.,  
Director,  
National Physical Laboratory,  
New Delhi.

Dear Sir,

This College, as you may be aware, was started at the commencement of the academic year 1958-59 with the assistance and cooperation of the State and Central Governments under the Second Five year plan. This is recognised by the All India Council of Technical Education and affiliated to the Madras University. This College, at present with a strength of 220 students, is offering education upto the degree level in Civil, Mechanical and Electrical Engineering.

We are bringing out the first issue of our College magazine in July next. We will consider ourselves fortunate if you can be graciously pleased to give us your blessings and good wishes for the publication of the first issue of our College magazine as it would indeed be an auspicious beginning of this annual feature. We would also be grateful to you if you can send us your advice which will indeed be of inestimable value to our students.

We would be much obliged if you can favour us by sending an article for inclusion in our College magazine.

I take this opportunity to recall to my mind your recent visit to our institution. We still have pleasant memories of your useful lecture.

Thanking you,

Yours faithfully,

*Shan dras haram*
