Dear Dr. Joshi,

Thank you very much for your letter. I have absolutely no objection in giving a copy of nucleic acid sequence data base to you or to anyone. However, I do not have resources to purchase mag tape and the manpower to get it copied from NIC. As you know, I do not have a Computer in the Department, I therefore, suggest that you should visit Poona for a day or two alongwith the mag tape and get the data base copied.

As mentioned to you, I am expecting the cheque from DBT by next week or so and I would like ^{you} to seriously consider what I have discussed with you during my visit to Bangalore. I will be out of Poona for two weeks from 20th January and thus, I will appreciate if you can plan your visit before that.

Wish you A VERY HAPPY AND PROSPEROUS NEW YEAR.

Yours sincerely,

A.S. Kolaskar
