Dear Friend Matthew Schab,

I send herewith a numbered questionnaire. I request you to fill it up at your earliest and send the filled-in questionnaire enclosing it in the stamped envelope back to my address. My address has already been printed on the envelope. So just drop the envelope in the nearest post-office box, after closing the open mouth of the envelope.

I am working on a project to assess the problems of select non-governmental organisations in India. The project has been sanctioned by Indian Council of Social Science Research, New Delhi. I have taken the liberty of selecting you and your esteemed organisation for this project study.

I earnestly request you to spare a little of your precious time in filling it up. This study is expected to bear some fruits regarding the functioning, problems and tangible solutions in future. I count on your personal co-operation.

With best wishes,

Sincerely,

Dilip Bose

Dear Mathew Sahab

I convey my hearty good wishes for a happy, prosperous and meaningful 1986 to you and to members of your esteemed organisation.

Sometime back I sent you a blank questionnaire to be filled in, alongwith a self-addressed stamped envelope and a forwarding letter requesting you to take the pains of filling in. I sincerely believe that most of your members and you as well are busy with your usual work and daily chores. I quite realise how difficult it is for people like us to devote time and energy for voluntary work now-a-days. Kindly for give me for reminding you, very humbly indeed, that I am yet to receive from you and your esteemed organisation the questionnaire sent to you, duly filled in.

Won't you kindly spare a little of your valued time to fill in and despatch to my address as printed at your earliest convenience and oblige me ?

Wishing you the best for all times to come,

Sincerely,

Dilip Bose
