My dear

I thank you very much for your letter dated 30th June, 1981. I am grateful to you for your kind invitation to stay as your guest when I come to Cambridge next. The date for the Blakett Memorial Lecture at the Royal Society is yet to be settled. I shall ensure that *you* get an invitation.

I agree with your views on potato improvement. Somehow CIP seems to be placing undue emphasis on the raising of potato crops from true seeds. I have agreed to speak at the February 1982 Symposium and I shall send you a copy of my paper when it is ready.

We have had a reasonably good monsoon this year and the crops are good. Whenever we have a good monsoon, we also have problems of floods.

With my best wishes to you and your wife,

Yours sincerely,

M.S.
