My Dear Professor Swaminathan,

I revised the report in the light of the suggestions made by members of the Committee and submitted it to Professor Mahale, the Acting Vice-Chancellor, on May 17, 1981; a copy of the revised report has already been sent to you by Sh. Puri.

I am most grateful to you for all the help and support you gave me personally and I am particularly grateful to you for introducing the last paragraph of the report which gives to it a quality and character as well as indicates direction to those who are at the helm of affairs.

It is always a pleasure to work with you. Your presence at meetings must of necessity be brief, but it is always helpful.

With warm regards,

Yours sincerely,

V. S. Jha
