If we do not wither

Then it cannot grow.

You have no feet,
How do you climb so high?

You have no wings
To fly like the birds,
You have no wings to fly.

How do I climb?
Look at my leaves,
Look at my leaves and see;
Each has a curl
To catch and to w twirl
Round the rough bark of the tree;
Aloe and cactus
Lend me their thorns,
I cling and I hold on tight;
I'm never afraid,
I think they were made
To help me up into the light.
