Corrections in the letter
to Dr. Ayappan

① In the para
"Seeds from Mexico
arrived in early
Oct. 1963

Agronomy Division within
a short time
the speed with which
we lost new vowels

② In 1968, about 4
million grams of
additional wheat
was for maximum benefit
from

FOR A WORLD WITHOUT HUNGER

losing arable land →
China faces stark
choice: Adapt or go
hungry

Science 8 Feb 2013

NH 339; 644-45

China has 20% of the
world population at 7%
of its arable land

From 1990 to 2006, more
than 86,000 ha of arable
land were swallowed up
by cities each year

In 1978, China's total
meat consumption was
8 million but by 2012,
it has ~~gone~~ grown to 71
million tonnes

one third of China's
total grain harvest was
converted to feed for
livestock & aquaculture

Rising temperature is
leading to shorter growing
season

Potential adaptation
strategies for food security

FOR A WORLD WITHOUT HUNGER

and harvesting
include altering sowing
dates, and adjusting
irrigation schemes and
selecting or developing
cultivars equipped to
thrive in new climatic
conditions.

FAO'S MISSION

To help build a *food-secure world* for present and future generations

OUR INTERNAL VISION

- **We strive for a world free of hunger and malnutrition** where food and agriculture contribute to improving the living standards of all, especially the poorest, in an economically, socially and environmentally sustainable manner.
- **We are committed to providing results** and quality service for our Members.
- **We hold ourselves and our partners to the highest standards** of integrity and transparency, guided by respect for others and the world in which we live.
- **As an organization, FAO values the diversity of ideas and people** and fosters a respectful work environment. Teamwork, knowledge sharing and learning are the essence of our work practices. All our actions are based on sound ethical standards.
- **Mindful of the seriousness and importance of our mandate**, we are proud to work for FAO and are fully committed to its mission of building a food-secure world for present and future generations.

OUR VALUES

FAO employees share the following core values:

- **Commitment to results** – by generating and sharing knowledge, applying critical thinking, teamwork and partnerships to solve complex problems that meet the needs of those we serve.
- **Respect for all** – by drawing on the richness of diverse ideas, experiences and talents of all FAO employees and valuing each other's dignity and worth.
- **Integrity, transparency and professionalism** – by holding to the highest standards in managing human and financial resources and in all we do with others.
