Dear Kiran,

Those three days at SAC were exhilarating. Suddenly one got thinking in entirely new directions. So thanks!

I am writing to Seva Mandir, Udaipur to sound them out on the feasibility of doing the series on the woman village worker which we had briefly discussed last week. On hearing from them, I shall write you a proposal.

Please keep me informed of the followup to the workshop. I'd be interested to be involved with the group who work to identify sensitisation components which should be included in the training of production personnel.

Hoping to get in touch again soon,

With warm regards,

*C M.*
