 my ideas to our friends Drs.
 Mahajain & Ram Bhanu.
 Mandana Sahab must have
 taken me to be a job Hunter

My dear Dr. you must have
Come back from the South;
I doubt if I write to you all
these days after your cordial
and loving reception to
me & underserving me that
day in the lovely Institute!
Why not arrange with the
Maulana Sahab to make
the Ramanyam Institute
of Mathematics a part
of your Institute since

Physics is only Applied
Mathematics? What is
the use of giving a monthly
Contribution of Rs 500 from
the Central funds? You can
tell him that this amount
can be diverted to the
Madras High School here
to give free education
to all the boys and girls.
(about 500). You can ask
Dr Vaidyanathasami &
Dr Vijayaraghavan to
work on Rs 500 p.m. and do
