Dear Mr. Sundarajan:

On behalf of the students and staff of Presidential Classroom, I would like to express my genuine thanks for your part in making the 1973 Student Program such a success. It is because of people like yourself, who so graciously give of their time and who so generously share their insights and expertise, that we are able to offer this unique exposure to our American system of government to some 1,500 young people each year.

Your participation not only enhanced the learning experience of those students with whom you had direct contact, but elevated the overall quality of the 1973 Student Program.

We will be sending you a small token of our appreciation under separate cover. I am deeply gratified by your interest in Presidential Classroom, and hope that our association will continue for the benefit of future participants.

Sincerely,

*Angie Whitaker*
