ARMOUR RESEARCH FOUNDATION  
OF ILLINOIS INSTITUTE OF TECHNOLOGY  
TECHNOLOGY CENTER, CHICAGO 16  
CALUMET 5-9600

INTERNATIONAL DIVISION

CABLE ADDRESS:  
ARMINT-CHICAGO

Dear Sir:

You will be pleased to learn that your name is being placed on our revised mailing list so that you will receive the latest publications of the Armour Research Foundation. It is our sincere desire that these publications will be of value to you in your particular field of endeavor, and that in this manner, we may keep you informed of the new services and developments of the Foundation.

The Foundation continues to expand in staff, plant, and facilities since its establishment in 1936 and our growth has been especially significant in the last several years, which indicates the trend toward greater recognition of the value of industrial research.

The Foundation's international activities are currently being carried out in all parts of the world. Our International Division can and does call on the more than 900 members of the Foundation's staff and thus utilizes the skills, training and experience of some of the nation's foremost engineers and scientists in virtually every field of engineering technology.

We wish to thank you for your continued interest in the Foundation and will at all times welcome your inquiries.

With best wishes, remain

Sincerely,

*Thomas P. Collier*

Manager,  
International Division
