Dear Dr Sankaran,

Thank you for your letter of 3 December 1993 enclosing your paper "The distribution, status and conservation of the Nicobar scrubfowl". As we now have an Editor for the Australasian/Pacific region (Dr T. R. New, Department of Zoology, La Trobe University, Bundoora, Victoria 3083) I am forwarding your MS to him. He will be in touch with you when he has been through the refereeing process.

Yours sincerely,

E. DUFFEY
