Date 19th December 1952

Your Ref.

Our Ref.

Sir K.S. Krishnan, F.R.S.,
Director,
National Physical Laboratory,
DELHI.

Dear Sir,

I learn from an invitation to a lecture on "Thermionic Emission" that you have been in Bangalore. I am very sorry that the invitation to your lecture reached me not until your lecture was over. When I rang Prof. Thacker at 6 p.m. I was informed that you had already left Bangalore. I am sorry that I missed the opportunity to meet you again and to show you our laboratory.

With my best personal regards,

Yours sincerely,

(G.K.M. Pfestorf)
Professor.
