Dr. K. S. Krishnan
Director
National Physical Laboratory
Government of India
New Delhi

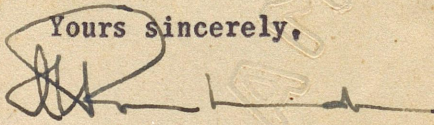

Dear Dr. Krishnan,

Mr. Schelke and I were most appreciative for the time you gave us during our visit to Delhi last week. Our discussions were particularly interesting and Mr. Schelke has asked me to send you this note of appreciation.

You will recall that during our meeting we discussed the usefulness of the comic strip in our endeavour to describe the various sciences to the younger student mind. In this connection you will probably be interested in the enclosed set of GE comic books entitled "Adventures in Science" that we distribute to selected schools. If you have any Indian schools in mind that you think might appreciate these books, we would be pleased to have their names.

With kind regards and thanking you again for a very interesting interview,

Yours sincerely,

W. M. Portrude
Managing Director
