

SVERIGES UTSÄDESFORENING

Dr. S.M. Swaminathan
Institute of Genetics of IARI
NEW DELHI 12

Dear Dr. Swaminathan,

The Swedish Seed Association celebrates this year its 85th anniversary. At the annual meeting of the association, which was held at Sollefteå in northern Sweden, you were appointed honorary member of the association as an appreciation of your outstanding work in genetics and plant breeding. It is a great honour and pleasure for us to inform you about this appointment which we hope you can accept. An official document will be sent to you later on.
