Sri K.S.Krishnan,

The National Physical Laboratory, Delhi.

Dear Sir,

Please allow us to introduce ourselves as an organisation whose avowed purpose is to secure articles from individuals and institutions and distribute them to newspapers and magazines, both in this country and abroad. We have the necessary machinery for this task.

We solicit your co-operation in the matter of supplying articles and pictures. We will do the editing ourselves. Articles of a scientific nature from your illustrious pen will have an international value. May we expect some in the near future? We give 50 per cent of our collections to the writers of the articles.

A line in reply will be appreciated.

Yours faithfully,

*W. S. Srinivasan*
