found here.

Dear Dr. Krishnan,

I understand you have now returned from your foreign tour. I reminded you about your General Presidential Address for the Indian Science Congress several times before you left India. I presume you did not have the necessary time to sit down and write it up. I shall be grateful if you kindly send your Address immediately on receipt of this letter in order to enable me to undertake its printing before the January session at Allahabad.

With kind regards,

Yours sincerely,

*B. Mukerji*

(B. Mukerji)

Dr. K. S. Krishnan, F.R.S.,  
General President-elect and  
Director, National Physical  
Laboratory, Council of Scientific  
and Industrial Research,  
University Buildings,  
Delhi.
