Dear Sir,

I hear that you are interested to meet all the Indian students who are doing research in Physics. I am working on nuclear physics at King's College, Strand, London, and was the student of Br May until his most unfortunate arrest. If you could kindly give me a suitable date and time I would very much like to come and pay my respects to you.

Yours respectfully.

R. Ramana.

P.S. I am also an old student of the Madras Christian College, Tambaram.
