Dear Miss Krishnaja,

Many thanks for your letter of July 4 expressing an interest in coming to our Laboratory as a Post-Doctoral Fellow. We have no possibility of applying for a Fellowship for you as no such programme exists in Holland. However, the Dutch Government offers about 40 Fellowships a year and you may contact the Dutch Embassy in Delhi for further information. I shall be glad to support your application.

Yours sincerely,

A.T. Natarajan

Dear Krishna:

Many thanks for your message. Thanks for remembering my birth day. I tried to send you a message last week without success. Jana gave me your e-mail address.

Yes, I have two grand daughters, Noor and Deva Maria. It is indeed a great pleasure to have them close to me.

I had a knee replacement operation in March and it went off well, though very painful for few weeks. The results are good. I will have the other knee replaced in December/January.

Things have changed in the lab. Cytogenetics has been side lined, no body to lead. I have cut down my visit to the lab. to one day a week. I am very concerned about Jana's future. The funding runs out next spring.

I hope you and your daughters are doing well. How is BARC after Kesavan and Chauhan ?

You remember that you sent me two types of tablets, Diasyn and Salphos. One for upset stomach and the other for increasing appetite. I have still some tablets left, but I have misplaced the paper describing these medicines, so I do not know any longer as to which one is for appetite /upset stomach. Will you let me know. Both tablets work very well.

Dear Krishnaja

Best greetings for a happy and fruitful new year.

I came back three days ago from India. The Varanasi meeting was terrible. Under the control of BARC (past and present) people, ISRB is becoming useless, except for some persons' personal glory.

Thanks for the presents for my grand daughters. They liked them. I will

give the package to Zana when I meet her in few weeks. I will collect the tapes next time!

Best greetings to you and your daughters.

Dear Krishnaja

Thanks. I am doing fine. Running between Italy and Holland. I will visit India in December/January. I do not get to Mumbai as nothing is happening there.

How are you and the girls doing? Did Jana acknowledge the presents from you?

I have to go to Japan and Brazil in October for some meetings.

Are you still in BARC? ISRB is dying according to my evaluation.

Best greetings

Natarajan
