My dear ~~Exx~~ Dr.Krishnan,

I daresay you remember about the case of Sri Balu Venkataraman, who has recently returned from America after getting a Ph.D. Degree there in Physical Chemistry from ~~he~~ *he called on you recently at Delhi.* Columbia (New York) University. He has had a very bright academic career both here and in America. He is closely related to me, and I am naturally deeply interested in his welfare. I am writing this just to add my request to his, that you will kindly do your very best for him to help him to settle down in a decent job, preferably in a job where he can continue to do scientific work.

I trust that this will find you and your's well.

With best regards,

Yours sincerely,

S. Venkateswaran
