Dear Professor,

I understand from Mr. John of our office that you are going here this Saturday on some private business with your family. Can I have the privilege and pleasure of having you and your family as my guests here during your stay here? I may not be able to offer you amenities of the type you may be

accustomed to but I can assure you of homely comforts and do world hospitality.

If you drop me a line to say when you are arriving I shall arrange to meet you at the station.

With kind regards, I remain,

Yours sincerely,

P. S. Srinivasan
