My dear Swati and Prakash

I want to thank you for the wonderful morning you had set up for me and for so many other bird lovers from Pune last Saturday. It was a very well organised function and did ample credit to you two, Bidur and Vijay. There was the Gole stamp on the brochure and efficient organisation! May I say well done.

I see that Prakash has been given a place on the reconstituted State Wildlife Board. My congratulations. It will be a very good influence and will

provide both a push and be a brake when necessary on half brained projects and on rampaging politicians.

Thank you once again. With
warmest good wishes for the New Year

Yours sincerely
Manohar Anant
