

109-C, TimarFur,

Delhi, Dated the 14th June '4

Respected Dr. Sahib,

I came to know from Mr. I.N.Mathur yesterday in the evening about the sad news in respect of your son-in-law. I was shoked to know the untimely death and irrepairable loss.

Words, I know, are poor comfortors " I pray to almighty that He may give you and to your family the strength of mind to bear the loss and peace to the soul of the deceased".

All members of my family also join me in expressing our heartfelt sympathies to all of you in this breavement.

I would have come personally, but for my son, who has been fuffering from typhoid fever for the last fourteen days and in deplorable condition, so much so, on death bed. His eyes are swelling and he is making hue and cry and is unconcious. I will come to you as soon as he gets some relief.

Yours faithfully.

D. P. Razdon
