Reg : Nominations for INSA Senior Scientists Scheme for 1987

Dear Fellow,

Nominations are invited from the Fellowship for consideration under the Academy's Senior Scientists Scheme as given on page 175 of the INSA Year Book-1986.

The main objective of the Scheme is to utilise the expertise of INSA Fellows who after superannuation wish to devote the major part of their time for research work in a recognised research or academic institution. A Senior Scientist, in addition, can also take up writing of monographs in specialised fields.

Please note that only Fellows of INSA below the age of 70 years are eligible for consideration. The regulations governing the award are given overleaf. It may be ensured that your proposal has the concurrence of the Fellow nominated by you.

The enclosed proforma may please be returned to the Academy before **15th July 1986** for consideration in the meeting of Council to be held in the first week of August 1986.

With regards,

Yours sincerely

S. K. Joshi
