Dear Dr. Ramachandran,

This has reference to the letter from Dr. K.V. Krishna Das, (Programme Director) inviting me to participate in the Zonal CME Programme of National Academy of Medical Sciences, South Zone. I am also requested to give two talks:

1. Basic Concepts of Molecular Diseases and Haemoglobinopathies
2. Epidemiology of Red Cell Enzymopathies, Thalassemia and other Haemoglobinopathies in India.

I thank the organisers for extending me the invitation and accept the same in spite of my many preoccupations. I shall talk on 'Basic aspects of Molecular Diseases - Haemoglobinopathies' and 'Epidemiology of Red Cell Enzymopathies, Thalassemia and other haemoglobinopathies/ in India'. In the latter I shall deal mainly of G-6-PD deficiencies. I shall try my best to send you summaries of my talk by 15-8-1988. As for the travel plan I shall be travelling along with Dr. M.B. Agarwal, by air, for which I have requested him to do the booking for me.

Thanking you once again and with kind regards also to Dr. Krishna Das,
