Dear Dr. Swaminathan:

I received your letter of April 14 (F17/4/239) yesterday. Meanwhile, the 50 kilograms of rice seed are being airlifted today aboard Quantas flight 755, Airwaybill No. 081-1115524.

I am being sent by the Institute to attend the 1966 Rice Research Workers' Conference at Hyderabad on May 2-6. I shall also visit the breeding plots at Cuttack and Rajendranagar. On my way back, I shall stop briefly at New Delhi. I shall telephone you upon arrival, in case I do not meet you at Hyderabad.

With best personal regards.

Sincerely yours,

T. T. Chang

Dr. M. S. Swaminathan
Head, Division of Botany
Indian Agricultural Research Institute
New Delhi-12, India

TTC/zmp

P.S. My travel to India is being re-scheduled. I'll stop in Delhi just overnight (May 1, Sun) on the way to Hy. There may not be time in between to call you. Please understand my problem in case I fail to do so.

T.T.C.
