Dear and Respected Professor,

It is a long time since I heard from you. I trust you have received my last letter wherein I had requested you to send me at your earliest convenience your photograph with your autograph. I am sorry I did not receive it so far. Probably, you have forgotten about the same. May I remind you.

Since my coming here, I have requested N.P.I. office to kindly arrange to send me the contributory Provident Fund which was accruing against my name in the Council. I have not heard from them any action in this regard. I ^{would} feel thankful if you will kindly ask the office to intimate me in this connection.

I trust this finds you in the best of health and work is progressing well. I shall be glad to hear from you ^{whenever} ~~when~~ you ~~go~~ over to Bombay.

With my very sincere thanks *and respects.*

Yours sincerely,

S. Vedantham

Bombay: 12th July, 1956

Dear Professor,

I owe to you my sincere apologies in my inability to meet you at Santa Cruz on your way to England. I had ~~ing~~ an idea to meet you in the afternoon on the day of your departure from Bombay to England. I was caught in a Selection Committee meeting and could not have the pleasure of meeting you. I wrote to Mr. Ramachandran enquiring about the exact time of your arrival in Bombay to which I did not receive a reply. In spite of your kind letter intimating your trip to England, I could not meet you at Bombay.

We haven't received any letter yet.

I hope you met Dr. Jain while you were in England. He wrote to me that he has done some study work in cleavage of crystals and he has progressed well in his problem. I had also a letter from one Mr. S.R. Iyengar from the India House, informing me that you left for Bombay on 5th July. How I wish I met you at least on your way back to Delhi. I hope there will be more opportunities for me to see you either at Bombay or at Delhi.

P.T.O.
