Dear Dr. Swaminathan,

It gives me great pleasure, as Head of the Agency which administers the affairs of the Protein Advisory Group of the United Nations System, and on behalf of its sponsors WHO, UNICEF, IBRD, U.N., and FAO, to acknowledge with sincere thanks your valuable contributions to the work of the Group during the two years of your membership terminating at the end of this year, and to advise you that the sponsors invite you to accept reappointment for an additional two years, i.e., until the end of 1975.

I am also pleased to endorse the request of the Agency Representatives by asking you to accept the Vice Chairmanship of the Group coincident with your next two years of service. I am impressed by the confidence which the Agency Representatives have shown in your capacity to perform this task with great distinction. Doubtless you have heard that Dr. Cravioto has agreed to accept the Chairmanship for the next two years.

Under the combined leadership of Dr. Cravioto and yourself, I am certain that we can anticipate a period of great effectiveness in the work of the PAG.

Yours sincerely,

A.H. Boerma
Director-General

Dr. M.S. Swaminathan
Director, Indian Agricultural
Research Institute
