Dear Professor Madhava Rao,

It was a pleasure for me to read your letter, and to give news of your children to my ones. I enjoy very much that you found an interesting job in teaching ballistics, and being near from Bombay. But have you left Bangalore with your whole family ? You probably remember I took some pictures in your garden, especially with you and Maasz under a jacktree; these pictures are successfull and I have the pleasure to see them, by projection on a screen, many times. My uncle Jacques Hadamard was extremely satisfied with the ferns.

Still thank you for the nice days in Bangalore, and hoping to meet you again,

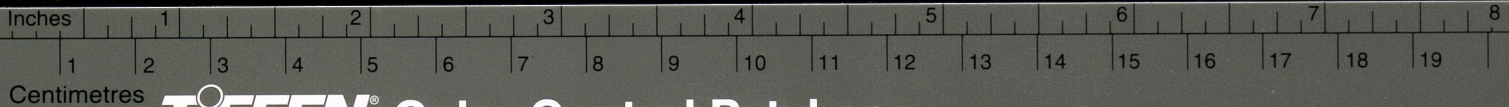

Very sincerely yours

*Greetings to Mrs Madhava Rao
and your children*

Dear Professor Madhava Rao,
It was for me a very pleasure to
come to Bangalore. I was delight-
ed by the nice atmosphere of the
University, and the cordiality
of the students and professors.
And I keep especially the
best memory of the afternoon we
spent in your house, and the
kind attentions of you all for
us! Many greetings for your
family, and still thank you
for all!

Sincerely yours,
L Schwartz
