Dear Hem,

Greetings from Hyderabad (Deccan!), where the temperature is soaring to 42 degrees celsius.

I have just finished updating my database of references on Nepal. There are 350 references. I am sure you will have many more. All your Danphe have been indexed, except 2 issues, which are missing from my collection. These are Vol. 6 Nos 1 and 3. Also, the last issue I have is Vol 8 No 1 of March 1999. If you fill these gaps, I'll be able to complete my indexing and will send you a copy of the references for your use and also for comparison with what you already have. Thanks!

Best wishes and regards!

Dear Aasheesh,

Many thanks for your message. I am wondering if you could wait till the next week to have these references. You will need to send me some examples of how you have cited previous Danphe articles so that I can write in the same style. At the moment I have only the 8(1) as spare copy others I donot have. This week I intend to submit my PhD thesis so I am rather busy. I hope you understand the circumstances that I am in.

You have been doing wonderful work with Pitta and BSAP. I wish you good luck.

Sincerely yours,

Hem
