Polytechnic, Mysore.

How are you Sir? Dr. Desikachar told me that you will be writing to him regularly mostly concerning the vital problems on paddy and rice which are so very important to us.

Before concluding, I once again request you humbly to spare sometime and write up the certificate which I want very badly and urgently & which I wish to keep as a precious document.

With respectful regards from me & my wife.

Yours affectionately,

K. Ragothama Rao.

My dear Sir,

I wrote to you 3 letters after I met you last in Mysore in Mr. C. P. Natarajan's house when I had requested you to favour me with a certificate from you and which you promised to send. So far I have not received it and I don't know the reason why you have not sent it. I hope you have not dropped my name from your mailing list! Usually you promptly reply to my letters, but this time, I have been most unlucky in not getting your letter though it is now 4-5 months' gap. Please be kind enough to comply with my humble request.

I am glad to inform you that my son Dr. R. Sudhendra, Cardiologist in Warren (Ohio) had come with his wife & child recently and left on 9.11.78 after staying with us for about 3 weeks. My daughter Dr. R. Sudhamani is quite fine with her husband Dr. Satish who is also a cardiologist in New York. My daughter Dr. Sudhamani has passed in the American Board of Examⁿ in Paediatrics which is creditable. It is all your blessings.

My first daughter with her husband & 2 children are now in Mysore and my son-in-law is now working as Head of the Dept of Electricity, C. P. C.
